Welcome to the September edition of Alyeska Ski Club's newsletter. As the fall colors are popping in beautiful sheets of red, orange and gold, termination dust drifts down the mountains and the days dimmer in the fading light, Alyeska Ski club members are beginning to prep for a new ski season! We have lots of fall events to prime your excitement and get everyone ready for another season of winter fun. Here are more details on events and other important ski club news.

CLUB HIGHLIGHTS

ASC's WEBSITE | Coming in October

You'll soon see lots of changes and enhancements to the alyeskaskiclub.com website. It is currently undergoing a facelift and will be launched very soon! Here's a sneak preview...

SKI CLUB PRO | Coming in October

We are very excited to announce the introduction of an on-line registration system for all ASC programs. ***Ski Club Pro is an affordable all-in-one web-based management application made specifically for snow sports teams to help streamline registrations, manage rosters, process program forms and handle team communication effectively in one place.*** Look for registration announcements in October via email and posted on the alyeskaskiclub.com website.

NEW PARTICIPANT MIGHTY MITE LOTTERY This season we will institute a lottery process for new AMM participants. The intent of the process is to provide transparency, support family involvement, encourage coaching commitments and ensure we maximize the program capacity. This means that all *new* participants will be able to register online anytime during the open registration period. After the registration period the system will provide us a priority of new applicants to place into try-outs. Once a participant passes try-outs the parent will be given the opportunity to complete the registration process online. Look for a full explanation of the lottery process at the **Membership Social on September 20** and posted to the alyeskaskiclub.com and alyeskamightymites.org websites in October.

SUMMER CAMP PHOTO GALLERY

Photo highlights from the Junior Program's Hood and France Camps this summer...

I was excited about ALL of the athletes skiing. The ability to take the time to focus on fundamental technique was extremely productive. The group size also made for each athlete to have individual focus and lots of video feedback. All of the goals of camp were fully achieved. - Coach Sophie Ostroski
